November 2, 2026

Dear Resident,

This letter is to inform you that the City of Cleveland, Division of Water Pollution Control will undertake a project to provide an added level of protection against flooding in the Mannering Road area in the City of Cleveland. The **Mannering Road Sewer Project** is scheduled to commence the week of November 16, 2026. The project consists of replacing approximately 150 feet of combined sewer, 740 feet of sanitary main sewer, and 726 feet of sanitary main sewer on Mannering Road between Euclid Avenue and Endora Road.

The City of Cleveland has contracted with Terrace Construction Company, Inc. to perform this work. The City of Cleveland will work with the contractor and you to ensure minimum inconvenience during the construction period. The contractor will install barricades within the limits of the construction area. The sewer installation will take approximately 5 months to complete. The pavement will be restored in the trench area and the street will be resurfaced within the limits of work. We ask for your cooperation in observing all traffic regulations and following detour signs.

The City of Cleveland will try its best to make this project a quick and safe one. Should you have any questions or concerns, please feel free to contact Project Manager Cecilia Mazzei at (216) 664-3779 or cmazzei@clevelandwpc.com. Thank you for your cooperation in this important sewer project.

Project updates available at www.clevelandwpc.com, Twitter, Facebook and Instagram (#CLE).

Sincerely,

Ryan Lopez, Interim Commissioner
Division of Water Pollution Control

Cc: Martin J. Keane, Interim Chief Operating Officer, Mayor's Office
Martin J. Keane, Director, Public Utilities
Danielle P. Graham, Executive Commissioner, Public Utilities
Michael D. Polensek, Council Member, Ward 10
